

SO YOU'RE THINKING ABOUT A COUNT ME IN PARTY?

A Count Me In (CMI) is an event, party and/or experience hosted and paid for by a Gateway family. Hosts come up with the event, determine who it's for and how many people can "buy in" to attend.

In addition to raising money, these fun events also promote community amongst the families at our schools. CMI parties are part of the Great Gateway Gathering's online and silent auctions. The "buy in" or participation cost is a 100% donation directly to Gateway.

CMIs can be hosted by one family or several families can team-up to host together. Families will often ask local businesses to donate items, materials or time to support the cost of hosting.

We recommend kids and family parties to be priced at \$10 to \$25 per child or family. Adult parties are typically priced \$20 to \$150 per person, depending on the activities.
