What We're About

- Gateway Public Schools was founded on the paired principles that all students can learn at high levels and that all students learn differently.
- We seek to ensure that our ethnically, socio-economically, and geographically diverse student population is prepared for and have the option of college.
- Since our founding in 1998, more than 96% of our graduates have gone on to college—double the statewide rate.

Our Schools

- Gateway Middle School and Gateway High School are small communities where all students are known well and supported to achieve at high levels.
- Our students and families reflect the diversity of San Francisco and the Bay Area. Respect for and celebration of our differences is a core value at Gateway, and achieving equitable student outcomes is an overarching goal.
- We engage our students in relevant, rigorous, dynamic curriculum designed to meet the needs of students with a range of learning styles and skill levels.
